you guys (i mean that in the gender-neutral sense) are awesome and hilarious

we discuss decisions published by mofcom, china’s ma regulator, since the implementation of the anti-monopoly law in 2008.

the contrave program offers a tiered program, based on coverage, with an added incentive: it knocks off an additional 10 per prescription starting with the third month's refill

although application of a nonsteroidal drug may be preferable, in some cases, to that of a steroid due to safety, it is clearly not as efficacious for the treatment of phimosis.

the subgroup of patients with type 1 diabetes was characterized by more renal disease but less history of cvd than the overall cohort
